

August 2017 RTP Amendment / TIP Update

Transportation and Air Quality Committee
August 10, 2017

Process Driven by Major Mobility Investment Program

Engagement and Feedback

- Official 30-day comment period closed on July 20
- 88% of survey respondents at June open houses believe projects in the amendment will benefit the region
- One written comment submitted by Southern Environmental Law Center
- Comment letter and ARC/GDOT response provided to committees, posted online, and included in documentation

SELC Comments (Summarized)

- Additional regional dialogue needed on the merits and equity implications of managed lanes
- Limited public knowledge of the scale of long-term financial commitment
- Lack of information on how tolling revenue will be utilized
- Suggestions for future plan development and documentation to improve the ability of external stakeholders to understand the process and recommendations
