# How did you feel about this type of survey?

awesome!!!

Informative and fun

Effective way to get the group's input

Useful

easy and informative

Thumbs up

Love it

Helpful

Effective way to solicit feedback

# How did you feel about this type of survey?

Excellent

the best

Quick and easy

the platform is easy to use.

I like it. Still a little confused as to why mobility and access are combined when they are clearly in competition.

Helpful and interactive

Great to see the input from others

Great way to give input as a group

Love Menti as a live interactive feedback tool!

# How did you feel about this type of survey?

give participants an opportunity to express and opinion without taking too much time.

fairly well; would participate again

Not a huge fan of menti

It is great for quick data, but limits additional comments and can feel restrictive.

Good quick first impression on people's thoughts

Good, felt like we were waiting too long between answers.

Very Helpful
