

ATLANTA REGIONAL COMMISSION

DATE: XXX

ISSUE SUMMARY: Approval of the 2023 CEDS Annual Report

FROM: Nicole Hendrickson, Chair, Community Resources Committee

IMPORTANCE:

Federal regulations require ARC, as an Economic Development District (EDD), to develop a Comprehensive Economic Development Strategy (CEDS) every five years and provide an Annual Report.

The CEDS brings together the public, private, non-profit, education, and other sectors and stakeholders in the creation of an economic roadmap to diversify and strengthen the regional economy. A CEDS is the result of a continuing economic development planning process developed with broad-based and diverse public and private sector participation and must set forth the goals and actions necessary to solve the economic development problems of the region and clearly define the metrics of success. The CEDS documents the current conditions in the region and features four (4) goals and associated actions based on the region's needs with a focus on equity. In 2023, the Atlanta Regional Commission began to implement the adopted CEDS (2022). This is a 5-year plan. Many of the actions will take a number of years to plan and implement.

The 2023 CEDS Annual Report outlines the implementation measures and successes.
