

# Comprehensive Transportation Program (CTP) Overview and Update

---

Transportation Coordinating Committee  
March 5, 2021

## Essential Facts About the Program

- Began in 2005
- Locally led long range transportation planning process
- Typically updated every 6 to 8 years
- 80% federal funds with 20% local match
- Federal contribution typically ranges from \$250K to \$1M
- Plans form the foundation for the TIP/RTP
- Important for establishing local priorities for future revenue opportunities

## Basic Requirements of a CTP

- **Prioritized list of transportation investments supporting regional and community visions**
- **Five to ten year fiscally constrained action plan**
- **Local “buy in” resulting from robust community engagement**
- **Recommendations that leverage regional facilities, services and programs**
- **Recommendations that knit together existing local plans**

# Required Elements of a CTP

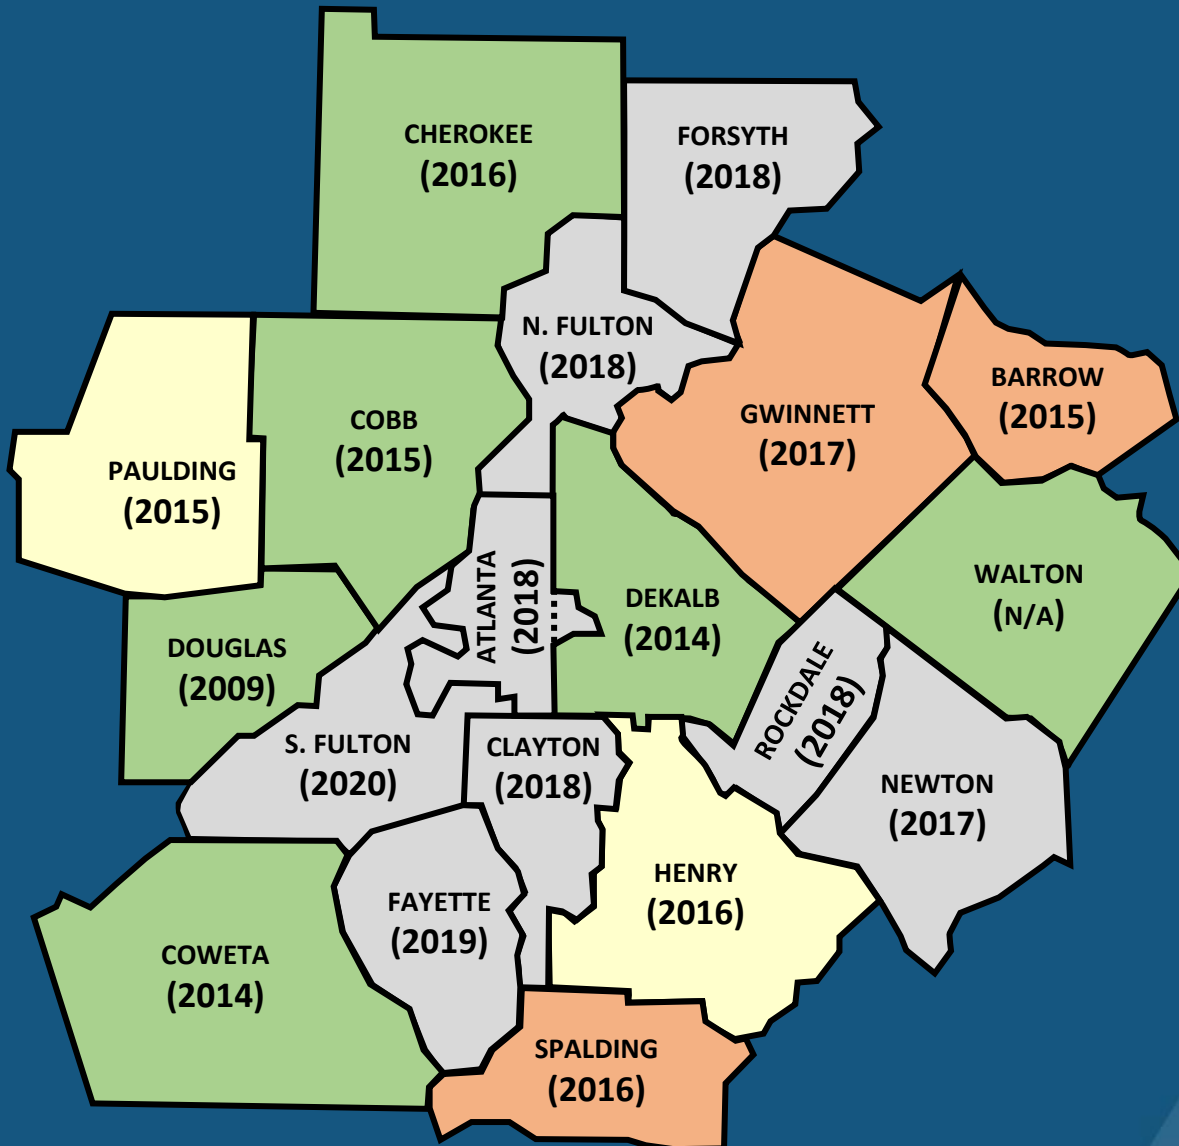

- State of Good Repair / Maintenance
- Roadways
- Transit
- Active Transportation
- Freight and Goods Movement
- Human Services Transportation (HST)
- Transportation Demand Management (TDM) Programs
- Intelligent Transportation Systems (ITS) / Technology
- Asset Management / Resiliency / Emergency Preparedness Planning
- System Performance Monitoring and Reporting Program

# Optional Elements of a CTP

- Airport Access
- Subarea and/or Corridor Analyses
- Traffic Calming Program
- Health Impact Assessment (HIA)
- Project Screening
- Others as identified by local governments

# Current Status of Plan Updates

-  No update actively underway
-  Procurement and contracting underway
-  Update actively underway\*
-  Update to begin in 2021 (tentative)
- (xxxx) Approval date of most recent CTP

# Your Thoughts on the Future of the Program?

- Are the current population-based funding amounts sufficient?
- What is the optimum time to initiate discussions on a possible update in the next calendar year?
- Would a multi-year schedule be useful?
- How can we better align update cycles to support DCA comprehensive plan updates, SPLOST/TSPLOST referenda and other local needs?
- What additional resources can ARC provide to support consultants and help ensure successful outcomes?
