County Health Rankings Model: Health Factors for How Well and Long We Live

Live Beyond ExpectationsRegional Strategic Plan Framework

Helping people live longer, healthier lives in the Atlanta region

A:© empċwerline

The Goal:

During the next five years, ARC, lead by its Aging and Independence Services Group, will implement a strategic framework, designed to identify and address inequities that create disparities in life expectancy.

Developing the Framework

- Gathered community and stakeholder insights
- Analyzed ARC's SOAR (Strengths, Opportunities, Aspirations, and (desired) Results)
- Developed a series of goals and objectives

HEALTH FACTORS

Physical Activity

Injuries

Physical Disablitiy

Chronic Conditions and Illnesses

BUILT/PHYSICAL ENVIRONMENT FACTORS
