

Action Date: 2/14/2024

**ISSUE SUMMARY:     2050 Metropolitan Transportation Plan (MTP)  
Update / FY 2024-2027 Transportation Improvement  
Program (TIP)**

**FROM:**                    Carlotta Harrell, Chair, Transportation & Air Quality Committee

**IMPORTANCE:**

The 2050 Metropolitan Transportation Plan (MTP) brings forward a long-range list of projects and programs that supports One Great Region. The FY 2024-2027 Transportation Improvement Program (TIP) does the same, but for the near-term period of the first four years of the MTP. The goal of both plans are the same as ARC's overall mission: To foster thriving communities for all within the Atlanta region through collaborative, data-informed planning, and investments. The best way to achieve ARC's mission within the MTP/TIP context is to ensure diverse stakeholders engage and to always maintain a regional perspective while addressing local issues. Stakeholder participation serves as the foundation for MTP/TIP policies, programs and projects.

ARC has completed an update to the MTP and developed a new TIP that meets the federally-required metropolitan transportation planning process administered by USDOT. In this process, ARC has sought comprehensive approaches to accommodate economic and population growth sustainably in the Atlanta region through the year 2050.

Both plans are required by federal regulations to be completed, with final federal approvals, no later than February 18, 2024. The MTP and TIP were developed through the ARC committee structure with input from regional stakeholders, local governments, and the public. Action is requested for approval of the 2050 MTP and FY 2024-2027 TIP. Pursuant to the ARC Community Engagement Plan, a public comment period which exceeded the minimum required 30-day period was completed on December 8, 2023.

ARC requests approval of the MTP and TIP in January 2024 in order to meet federal regulatory deadline requirements and to ensure the continuity of federal funding programs in 2024 and beyond. Additional information on the plan document and project listings are available on-line at <https://atlantaregional.org/mtp-update/>.
