REGION

REGIONAL Full-Scale Exercise

Exercise Locations

Exercise Scenario

- On October 19, 2023, the Atlanta region hosted a technology conference at the Knights Inn hotel.
- Terrorists activated an explosion, causing significant structural damage, mass injuries, and casualties.
- Fire departments, hazardous materials, technical rescue teams, and EMTs began operations.
- Law enforcement arrived, identified, and pursued the perpetrators to the Red Roof Inn, where they entered and took hostages.
- A unified command system was developed, and hospitals and public health agencies were notified.
- Hospitals began receiving simulated patients via emailed victim cards. The hospitals initiated a process to track, identify, and reunify patients and families.
- Area Emergency Operation Centers opened.
- The public information officers, as part of the unified command system, worked together to develop media releases and unified public statements.
